

## St. Louis CITY Progressives Endorse

### For US. Senate

#### Robin Carnahan

Robin Carnahan has served as Secretary of the State for Missouri since 2004. Candidate Carnahan is a strong supporter of green jobs and a move toward green energy. We feel that by supporting and urging her to take progressive stances, Robin Carnahan will be the best Choice for Missouri. [Read More about Robin and her positions](#)

Her foremost opponent Roy Blunt is funded by the Oil, Tobacco, Defense, and Insurance industries, making it difficult to tell whom he would be serving if elected to any government office.

Blunt has also been accused of nepotism and ethics violations

### For U.S. House of Representatives (District 1)

#### Congressman William Lacy Clay Jr.

Having served as Congressman for the 1st District of Missouri for 10 years Congressman Clay is now a senior member of the House and we expect him to take a bold and progressive course of action. Considering how safe his seat on the floor is, we must expect great things from the Congressman. With a little urging and support Congressman Clay can write his name in history as a champion of working people and of our beloved city.

### For State Auditor

#### Susan Montee

Has served as State Auditor for 4 years and is doing a great job. Under Susan's leadership the Missouri State Auditor's Office won the National State Auditors Association's "Excellence in Accountability Award" for 2009

### For U.S. House of Representatives (District 3)

#### Congressman Russ Carnahan

Serving in his 3rd term as Congressman for the 3rd District of Missouri, Congressman Carnahan voted for H.R. 2454 (the A.C.E.S. bill) and "the Stimulus", both important pieces of legislation.. With our support and urging we can help Congressman Carnahan to start moving in a more Progressive direction. It is important to remember that District 3 encompasses many different areas, some not always as politically savvy and current as others.

His main opponent Ed Martin is supported and endorsed by the St. Louis Tea Party.

### For Missouri State Reps. in St. Louis City Districts.

Chosen for either solid progressive voting records or for supporting progressive issues.

Karla May- District 57

Jeanette Mott-Oxford -District 59

Jamilah Naseed- District 60  
Tishara Jones- District 63

Chris Carter- District 61

## Propositions and Ballot Initiatives

### No on Proposition A

Prop A Takes away the authority of certain cities (St. Louis and Kansas City) to have Earnings Taxes. City Earnings taxes fund 1/3 of the city budget of St. Louis and 1/2 of the city budget for Kansas City. We don't really notice the 1% tax but we would defiantly notice the loss and reduction of essential city services; fire fighters, sanitation, street repair, libraries and recycling.

### Yes on Proposition B (the stop puppy mill cruelty prop)

If you still with us and you still aren't fired up about voting. Here's your chance to stop animal cruelty and to make puppy mills live up to better standards of care. There you go, who doesn't love puppies!?!?!?!

**GET OUT AND VOTE NOVEMBER 2, 2010**

*"If you stay home on Nov. 2nd, you are out of your mind. This is our time to lead, our time to have influence, and our time to shine. Don't give up your power just because the candidates haven't figured out how to message us properly."*
